It is also allowed to link to the download page from websites and communities. Files can be downloaded from any computer from our high speed servers. Any file in any format can be uploaded and downloaded for free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. There are no restrictions on the number of times a file can be downloaded. If only we could, we surely would! On the other hand, using file can actually save you money. You can upload any type of file (movies, music, documents, images, zip files and more). You decide who you want to share your files with. We have no filesize limit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files transferred the old-fashioned way tend to pile up andbe forgotten about, eventually costing you money in data storage fees. Just upload the file you want to share with your friends and we send you a download linkto your file. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link.filehosting provides an easy possibility for you to send large files to your friends. You don't need any special software installed to be able to download yourfiles. Our service is completely free for everyone. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Keep yourfiles private, or send your download links only to friends or family. You can give this download link to your friends by mail or instant messenger. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. When you use file, you avoid storing the file you're sending in your clo
